The H-Factor.

What is the H-Factor? It means you can have it all.

Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don’t approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It's our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own steel because, simply put, we just weren't satisfied with what was available.

We test our vehicles in areas like Canada's Arctic, our proving grounds in the Mojave Desert and on Germany's world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.

That’s the H-Factor.
You can have it all.

With the Accent, you really can have it all! Enjoy class-leading cargo room† and a wealth of features such as a standard rearview camera, available heated steering wheel and available Android Auto™ and Apple CarPlay™ connectivity. Even better, you can choose between the 4-door or 5-door design, whichever best fits your style.
Bold style.

The Accent features our latest design signature, a bold cascading grille inspired by the flowing descent of molten steel. The assertive front profile features sculpted hood lines that complement the available LED headlights and daytime running lights that guide your way.
5-door Ultimate model with colour package shown.
Feature-packed.

Inside the unbelievably spacious interior, the Accent is feature-packed. Keep warm on your journeys with the available heated front seats and steering wheel, and enjoy added convenience with the available Smart Trunk* that will open automatically when it senses the proximity key is behind the vehicle. You can also stay connected, safely, with available Apple CarPlay™ and Android Auto™ to access your favourite smartphone apps via the available 7.0” touch-screen display.

*Available on 4-door models only. Key FOB must be within three feet for more than three seconds.
Efficient and fun.

The Accent features an eco-efficient 1.6L Gasoline Direct Injection engine that generates 130 horsepower and 119 lb-ft of torque. Choose between the 6-speed manual and available 6-speed SHIFTRONIC® automatic transmission, and drive without having to compromise power or efficiency.

Aerodynamic air vents
Integrated air vents on each side of the lower front bumper minimize air twisting around the wheel to provide less resistance. The result is enhanced stability and fuel efficiency.
Hatchback versatility.

For those who prefer a hatchback design, the Accent 5-door model offers versatility and the same great styling.

*Best-in-class cargo space*
Class-leading cargo space of 616 litres means that you can enjoy more space than the Nissan Versa Note, Honda Fit, and even the Jeep Renegade.

*60/40 split-fold rear seats*
Rear seats feature a 60/40 split-fold so you can accommodate longer items while still hosting a rear seat passenger.
Strong to the core.

At the core of the Accent is the SUPERSTRUCTURE™, a state-of-the-art platform built with our very own Advanced High Strength Steel to deliver exceptional stiffness and strength. In the event of a collision, the SUPERSTRUCTURE™ helps protect occupants inside the vehicle by absorbing harmful energy and redirecting it away from the passenger compartment.

**Rearview camera with dynamic guidelines**
Reverse out of narrow driveways and parallel park with greater confidence with the standard rearview camera.

**6 airbags**
The Accent is equipped with six standard airbags: two advanced front airbags, two seat-mounted side-impact airbags and two side-curtain roof-mounted airbags with rollover sensors.

**Forward Collision-Avoidance Assist**
This available safety feature uses radar to detect rapidly closing speeds in relation to the vehicle ahead. If a potential forward collision is detected, audible and visual warning notifications alert the driver. If the driver does not react to avoid the impact, the system can provide full braking assistance to help avoid a potential collision.
