

The New  
**ELANTRA**

2019

# The H-Factor.™

What is the H-Factor™? It means you can have it all.

Our company believes in pushing the boundaries and challenging conventional thinking. Our very name, “Hyundai”, stands for modernity in the Korean language and it is this one word that helps represent everything we stand for. We don’t approach vehicle development in a traditional way. Our company is structured differently. We think differently. We find the modern way. It’s our mission to offer top quality, feature-rich vehicles at an affordable price.

We offer elite quality through meticulous design and painstaking craftsmanship. Our three design centres in Korea, the U.S. and Europe compete against each other to bring you cutting-edge designs — designs that not only look stunning but are also aerodynamic and fuel efficient.

We are the only global automaker to manufacture our own Advanced High-Strength Steel because, simply put, we just weren’t satisfied with what was available.

We test our vehicles in areas like the Arctic, our proving grounds in the Mojave Desert and on Germany’s world-famous Nürburgring circuit to deliver the durability and reliability you demand. And not only do we package our vehicles with advanced safety and technology, we back all our vehicles with one of the best automotive warranties in the industry. This means you really can have it all, quality and value together.

That’s the H-Factor.™

Elantra SUPERSTRUCTURE™ shown,  
made with our Advanced High-Strength Steel.

# Connected to you.

The 2019 Elantra has been designed to enhance every curve, starting with an all-new grille that makes a sporty statement. Feel good on every journey thanks to brand new available technologies that help keep you safe and connected, like the segment-exclusive Safe Exit Alarm<sup>‡</sup>, wireless smartphone charging pad<sup>\*</sup> and our BlueLink<sup>®</sup> connected car system with remote start. Stay connected and enjoy every drive with the 2019 Elantra.

# Striking new style.

New headlights and tail lights stand out from the crowd with a unique design, and feature available LED technology for a brighter beam and increased visibility at night. Anchoring the new design cues are the bold 17" alloy wheels available on Luxury and Ultimate models.

New cascading grille

Available LED headlights

Available hands-free smart trunk

Available LED tail lights

# Efficiently powerful.

Powering the 2019 Elantra is a 2.0L engine delivering 147 horsepower, which can be paired with a 6-speed manual or 6-speed automatic transmission.

The standard 6-speed manual transmission includes an EcoShift indicator that identifies ideal shifting points to help you save fuel, while the available 6-speed automatic features SHIFTRONIC® manual shift mode for an engaging driving experience.

Designed with purpose, optimized aerodynamic lines of the integrated rear spoiler and undercarriage contribute to reduce drag, while the integrated air vents on each side of the lower front bumper minimize air twisting around the wheel to provide less resistance. The result is enhanced drivability and fuel efficiency.

Ultimate model shown.  
May not be exactly as shown.

# Make yourself comfortable.

Inside the spacious cabin, redesigned elements include the sporty checkered design in the gauge cluster and enhanced ergonomic layout of the centre console controls. Comforts offered to elevate your drive include an available 8-way power driver's seat with lumbar support and standard heated front seats, a segment-exclusive\* feature we are proud to offer Canadians. Plus, you can enjoy the comfort of a heated steering wheel on Preferred, Luxury and Ultimate models.

Standard heated front seats

Available heated steering wheel

Available 4.2" colour TFT cluster display

Available power sunroof

Available dual-zone climate control

Available proximity keyless entry with push-button ignition

# Smart technologies, for your safety and convenience.

## 7.0" or 8.0" touch-screen with Apple CarPlay™ and Android Auto™

Enjoy seamless connectivity with an available 7.0" touch-screen with Apple CarPlay™ and Android Auto™. Interact with your favourite apps, access navigation, use voice command for text messages and more. There is also an available 8.0" touch-screen with a built-in navigation system. It includes a complimentary Hyundai Map Care system, which includes two updates per year for five years, free of charge. See your dealer for complete details.

## Wireless charging pad\*

A new feature for 2019, the available wireless charging pad is located in the centre console so you can easily charge a compatible smartphone, cable-free.

Standard rearview camera

Available proximity keyless entry with push-button ignition

Available 8.0" touch-screen navigation system

### Infinity® audio system with 8 speakers

The available Infinity® audio system includes an external amplifier and 8 speakers strategically placed inside the cabin to provide an immersive surround sound experience for all occupants.

Features include:

- ✓ Complimentary 5-Year subscription (with equipped models)
- ✓ Remote Start with Climate Control
- ✓ Remote Lock/Unlock
- ✓ Find My Car
- ✓ SOS Emergency and Roadside Assistance
- ✓ Automatic Collision Notification
- ✓ Local Search powered by Google™

### BlueLink®

Once set up, our available BlueLink® connected car system conveniently enables you to locate your vehicle, remotely start the engine for advanced warming or cooling, unlock or lock the doors and can automatically call the emergency services in the event of an accident. Please see your dealer for full service-level details.

# Learn more about Hyundai SmartSense™ safety technologies.

The Elantra features our available Hyundai SmartSense™ safety technologies — a suite of advanced driver assistance systems that Hyundai offers to help alert you to, and even avoid, unexpected dangers on the road.

**Forward Collision-Avoidance Assist with Pedestrian Detection<sup>1</sup>**

This safety innovation detects rapid closing distances to the vehicle ahead and pedestrians in your path. If a potential forward collision is detected, audible and visual warning notifications will alert the driver. If the driver does not react to avoid the impact, the system can provide full braking assistance.

**Blind-Spot Collision Warning<sup>2</sup>**

To help you change lanes with confidence, Blind-Spot Collision Warning uses radar to detect when a vehicle is in your blind spot. It works in conjunction with Lane Change Assist, which measures the approaching speed of the vehicle in the lane next to you to help determine if a lane change is safe.

**Lane Departure Warning with Lane Keeping Assist<sup>3</sup>**

Start drifting outside of your lane without signalling and this system is designed to inform you with audible and visual cues. Lane Keeping Assist will help steer you back within your lane markings if no action is taken.

**Driver Attention Warning<sup>4</sup>**

This innovative feature helps monitor driving patterns in order to detect fatigued driving. The system analyzes your driving, and if inattentive driving patterns are detected, an audible sound and message on the display panel will suggest a driving break.

**Adaptive Cruise Control<sup>5</sup>**

The Adaptive Cruise Control (ACC) system takes basic cruise control to the next level of convenience. Set your pre-determined speed and distance to the vehicle ahead, and ACC will automatically adjust your speed to maintain the set distance.

**Safe Exit Alarm<sup>6</sup>**

When the Elantra is pulled over and you are ready to exit, this safety feature sounds an alarm if a vehicle is detected approaching from behind, to help warn passengers from exiting the car into oncoming traffic. The technology even works when the ignition is turned off.

#### **Parking Distance Warning — Reverse**

Parking Distance Warning sensors help relieve stress when reversing into tight parking spaces. Sensors mounted in the rear bumper will provide audible alerts with increasing frequency as you approach objects behind you.

#### **Rear Cross-Traffic Collision Warning<sup>7</sup>**

When reversing out of areas with low visibility, this system warns the driver if a vehicle approaches from either side, even before they appear in the standard rearview camera.

## **The SUPERSTRUCTURE™**

At the core of the Elantra is the SUPERSTRUCTURE™, a state-of-the-art platform built with our very own Advanced High-Strength Steel to deliver exceptional stiffness and strength. In the event of a collision, the SUPERSTRUCTURE™ helps protect occupants inside the vehicle by absorbing harmful energy and redirecting it away from the passenger compartment.

# Accessories

## Premium All-Weather Floor Liners

Premium all-weather floor liners were designed to cover the interior carpet, providing maximum protection against the elements that other mats cannot offer. Their unique and durable design features a non-slip surface for added comfort and a long lasting premium look. Remove carpet mats prior to installation.

## Roof Racks

This durable, quick-locking roof rack system lets you transport cargo easily, without sacrificing interior room. Remove when not in use.

## Premium All-Weather Cargo Tray

Protect your interior cargo area with style. This durable, custom-fit premium cargo tray protects from spills and messy loads while helping keep your cargo area looking new for years to come.

## Accessory Frame

An accessory frame makes it quick and easy to attach hitch-mounted cargo equipment, such as bikes and ski racks. Frame not intended for towing.

# Model summary

## Essential

Standard equipment includes:

- 2.0L Atkinson cycle 4-cylinder engine
- 6-speed manual transmission
- 15" steel wheels with cover
- Heated, power-adjustable side mirrors
- Projection headlights
- 7 airbags
- Remote keyless entry system with alarm
- Temporary spare tire
- Vehicle Stability Management, Electronic Stability Control, Traction Control System, Anti-lock Braking System
- 5.0" touch-screen display
- 6-way manually adjustable front seats
- 60/40 split-fold rear seatbacks
- AM/FM/MP3 audio system with 6 speakers
- Bluetooth® hands-free phone system
- Cloth seating surfaces
- Heated front seats
- Manual air conditioning
- Power windows with driver's auto-down
- Rearview camera with dynamic guidelines
- Steering wheel-mounted audio and telephone controls
- Tilt-and-telescopic steering wheel

### Optional:

- 6-speed automatic transmission with Drive Mode Select and cruise control

## Preferred

Includes **Essential** standard equipment plus:

**DOES NOT INCLUDE AUTOMATIC TRANSMISSION**

- Cruise control
- Hood insulator
- 16" alloy wheels
- Automatic headlights
- Front grille, chrome finish
- LED daytime running lights
- LED side mirror turn signal repeaters
- Blind-Spot Collision Warning
- Rear Cross-Traffic Collision Warning
- 7.0" touch-screen display
- Android Auto™ and Apple CarPlay™
- Heated, leather-wrapped steering wheel
- Power windows with driver's auto-up/down with pinch protection
- Sunvisors, illuminated vanity mirrors with extensions

### Optional:

- 6-speed automatic transmission with Drive Mode Select

### Optional Sun and Safety package:

- Driver Attention Warning
- Lane Departure Warning with Lane Keeping Assist
- Forward Collision-Avoidance Assist
- Proximity keyless entry with push-button ignition
- Hands-free Smart Trunk
- Power sunroof

## Luxury

Includes **Preferred with Sun and Safety package** standard equipment plus:

- 6-speed automatic transmission
- 4-wheel disc brakes
- Drive Mode Select
- 17" alloy wheels
- Chrome exterior door handles and beltline moulding
- BlueLink® connected car system
- Bluetooth® hands-free phone system with voice recognition
- Dual-zone automatic temperature control with auto defogger
- Front centre console with storage compartment (sliding armrest)
- Leather seating surfaces
- Rear centre armrest with cup holders
- SiriusXM™

## Ultimate

Includes **Luxury** standard equipment plus:

- LED headlights
- LED tail lights
- Adaptive Cruise Control
- Forward Collision-Avoidance Assist with Pedestrian Detection
- Parking Distance Warning — Reverse
- Safe Exit Alarm
- 4.2" colour TFT cluster display
- 8.0" touch-screen display with navigation system
- 8-way power-adjustable driver's seat with lumbar support
- Electrochromic auto-dimming rearview mirror with HomeLink®
- Heated rear seats (bottom cushion, outboard seats only)
- Infinity® audio system with 8 speakers and external amplifier
- Wireless charging pad\*

## One of the best-backed warranties in Canada.

You will see that a number of our vehicles have received multiple awards from the most reputable third-party organizations, so you can take their word when it comes to the quality of our vehicles. This quality is equally matched by the quality of our warranty. We stand confidently behind our products to give you ultimate peace of mind with a 5-year/100,000 kilometre Comprehensive Limited Warranty†. We also provide a 5-year/Unlimited kilometre Roadside Assistance Program†† featuring flat tire changing, lockout service and more. Just one toll-free call away, 24 hours a day.

™/®The Hyundai name, logos, product names, feature names, images and slogans are trademarks owned or licensed by Hyundai Auto Canada Corp.. Specifications, features, illustrations, accessories, materials and equipment and all other information shown in this brochure are based on the latest information available at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Hyundai Auto Canada Corp. reserves the right to make any changes or modifications at any time, without notice or obligation, including, without limitation, in colour, specifications, features, accessories, materials, equipment and models. Some vehicles are shown with optional equipment. All Hyundai warranties have no deductible. †Hyundai's Comprehensive Limited Warranty coverage covers most vehicle components against defects in workmanship under normal use and maintenance conditions. ††Hyundai's 24-Hour Roadside Assistance Program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. ‡Fuel economy figures are based on manufacturer's testing and are used for comparison purposes only. Actual fuel efficiency may vary based on driving conditions and the addition of certain vehicle accessories. ‡Apple CarPlay™ works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above. Apple CarPlay™ may not be available on all devices and may not be available in all countries or regions. Visit [www.apple.com](http://www.apple.com) for further details and any applicable limitations. Subject to app compatibility. Apple and Apple CarPlay are trademarks of Apple Inc.. ‡Android Auto™ is compatible with Android phones running Android Lollipop or newer. Android Auto may not be available on all devices and is not available in all countries or regions. Additional apps may be required. Visit [www.android.com](http://www.android.com) for further details and any applicable limitations. Subject to app compatibility. Android and Android Auto are trademarks of Google Inc.. ‡Available on select models only. BlueLink® includes 5 years of service without charge. The BlueLink® service is available for new vehicle purchases and leases subject to the BlueLink® subscription terms and conditions. Only use BlueLink® and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees may vary by model and are subject to change. For more on details and limitations, visit [hyundaicanada.com](http://hyundaicanada.com) or your authorized Hyundai dealer. ‡Not all devices will be compatible. See Owner's Manual for further details. ‡Forward Collision-Avoidance Assist (FCA) is designed to detect vehicles that are directly in front of the vehicle. FCA will not detect all vehicles and objects. FCA will not work on winding or hilly roads, during certain weather conditions such as rain, snow, fog and any other times of limited visibility. Forward Collision-Avoidance Assist (FCA) initiates full braking at speeds between 10 and 80 km/h (vehicle detection) or 10 to 64 km/h (pedestrian detection, when equipped). When equipped with pedestrian detection, FCA will not detect all pedestrians under certain conditions. See Owner's Manual for detailed descriptions of example conditions in which FCA may not detect a pedestrian. FCA is not a substitute for safe driving. Always check your surroundings when driving. See Owner's Manual for further details and limitations. ‡Never rely completely on Blind-Spot Collision Warning (BCW) and be sure to use proper lane changing procedures. BCW will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. ‡The Lane Departure Warning System with Lane Keeping Assist operates above approximately 64 km/h and only when the lane markings are clearly visible on the road and detected by the system. It will not prevent loss of control. Refer to Owner's Manual for further details and limitations. ‡Driver Attention Warning (DAW) is only a notification system and will not influence the direction or speed of the vehicle. DAW will not prevent accidents. DAW does not replace attentive and safe driving. Always ensure that you pay careful attention while driving. See Owner's Manual for further details and limitations. ‡Adaptive Cruise Control (ACC) is not a collision avoidance or warning device. ACC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. Driver remains responsible to slow or stop the vehicle to avoid a collision. ACC will automatically disengage at speeds under 10 km/h and under other specific circumstances set forth in the Owner's Manual. See Owner's Manual for further details and limitations. ‡When the vehicle is parked, Safe Exit Alarm (SEA) can alert occupants planning to exit the vehicle when a vehicle is approaching from behind. SEA does not prevent occupants from exiting. SEA may not detect every vehicle and may not avoid an accident. SEA is not a substitute for attentive operation of the vehicle. Always monitor the vehicle's surroundings before any passengers exit the vehicle. Safe Alarm Exit turns off 10 minutes after ignition is turned off. See Owner's Manual for important details and limitations. ‡Never rely exclusively on the Rear Cross-Traffic Collision Warning. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. Vehicle must be in reverse and has to be travelling at 10 km/h or less. See Owner's Manual for further details and limitations. ‡Claim based on Global Automakers of Canada segmentation for the compact car segment as of August 2018. The SiriusXM™ name is a trademark of SiriusXM Satellite Radio Inc.. Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc.. All other trademarks and trade names are those of their respective owners.
